

Site Safe

Strategic Plan 2016 - 2020

VISION:

Construction: Proud to Be Safe

WHO WE WORK WITH:

Every year we connect with over 25,000 companies across New Zealand to provide education, tools and advice on building a safer construction industry. More than 80% of the companies in our industry are SME's and this is reflected in our membership base.

OUR PROGRAMMES AND SERVICES:

Site Safe will accomplish its Mission in the following ways:

Education and training of individuals in the work force.

Tools, advice and mentoring for companies, in particular SMEs.

Audit and assurance on current practice for companies (including pre-qual).

Facilitating and developing collaborative, working relationships with other like-minded organisations.

Research and promotion of best practice.

Development of tools to enable companies and individuals to embed health and safety in their everyday work.
