## Passport Plus – Flexi (Online + Webinar)

Be ready to hit the ground running and renew your Site Safety Card (Passport) online, with our new Passport Plus – Flexi (Online + Webinar) course. This course has been designed to allow you the freedom to study at your own pace, while building on the health and safety knowledge you'll need to stay safe on-site.

This course is flexible, meaning you can choose any two modules and complete them at your own pace\*. This course also includes a two-hour behavioural webinar session with one of our health and safety experts.

### The two-hour behavioural webinar covers:

- Reasons for being safe and how to take action on-site
- How to shape health and safety culture through positive conversations
- Understanding the basic risks and responsibilities of working on site
- Improving health and safety awareness on site.

### Choose two online modules:

 Asbestos Awareness	 Mobile Plant
 Worker Basics	 Electricity
 Manual Handling	 Consultants Legislation
 Noise	 Consultants Influencing Safety

### On completion of this course you will gain:

A Site Safety Card (Passport) valid for two years

Four Licensed Building Practitioner points

Three credits towards the Health and Safety in Construction programme

*Please note: only one Passport level course may be counted towards the programme.*

For more information on this programme, and to book visit [www.sitesafe.org.nz](http://www.sitesafe.org.nz)  
Have questions? Get in touch. 0800 SITE SAFE or [theteam@sitesafe.org.nz](mailto:theteam@sitesafe.org.nz)

\*Disclaimer: Please note that modules in this course need to be completed within 2 months of the date started. For more information visit the Site Safe website.
